CONNECT. HUMANIZE. DISRUPT.

LEARNING SESSIONS

IMPLEMENTATION WORKSHOPS

The **first part of our model** is full-day workshops on the following topics.

Choose one topic (6 hours) or two topics (3 hours + 3 hours) depending on your needs.

Systemic Equity Work: Introduction, II, III and IV

Covers the *Evident Equity* framework for systemic equity work and the corresponding shifts to structures and spaces in an organization.

Social Justice Standards/ Culturally Responsive Instruction

Focuses on the Learning for Justice Social Justice Standards and how to incorporate culturally responsive practices into classrooms and school communities.

Restorative Justice

Includes foundations and 5 pillars of restorative justice, and circles as a tool for facilitating collaborative restoration and community building.

Rooted in best practices for professional development, **the second part of our model** is on-going support for new learning--no "one and done" sessions.

These **90 minute workshops complement each full day learning session** and are generally virtual. They offer space for educators to try lessons, get feedback, and plan with our team of experts.

Suggested practice is around 4 consecutive workshops per Learning Session but is completely flexible to be more or less depending on the needs of your organization.

EFFECTIVE PROFESSIONAL DEVELOPMENT (Darling-Hammond, et.al., 2017)

is content focused

- Incorporates **active learning** utilizing adult learning theory
- Supports collaboration, typically in **job-embedded contexts**
- Uses models and **modeling of effective practice**
- **Provides coaching and expert support**
- Offers opportunities for **feedback + reflection**
- Is of **sustained duration**
